Madam County Manager Barela: Requested to move Items 12-B and 12-C from Approvals before Item 11-B, Budget Increase. Items 12-B and 12-C need to be presented before the Budget Increase may be approved.

Chairman Schwebach: Approved the move of Items 12-B & 12-C before Item 11-A. Suggested permanently moving the Approvals to before Resolutions, as it has become common to switch these agenda items.

Madam County Manager Barela: Explained that the agenda is written as it is because it follows the rules for County Commission Agendas under the Board of County Commissioners. There are amendments that must be entered before that can happen.

4. PROCLAMATIONS:

NONE THIS DAY

5. CERTIFICATES AND AWARDS:

6. BOARD AND COMMITTEE APPOINTMENTS

A. MANAGER: Motion to appoint Fair Board Alternate, Kyria Encinias, to fill the vacant At-Large Fair Board Member position.

Motion Passed.

7. PUBLIC COMMENT and COMMUNICATIONS

Madam County Manager Barela: Introduced the employees, residents and guests who had signed up for public comment.

Albert Lovato, Trustee, Town of Estancia: Came to Torrance County representing the Town of Estancia, and Board Member for Estancia Valley Little League. Spoke about the sale of the Fairgrounds. He spoke for the families who anticipated having a good Little League year, and he is disappointed that the County has not fully purchased the Fairgrounds, as it has been a full year since the Purchase Agreement was signed. He understands there are possible monies that could be released. The town and the Little League want to revamp the baseball field. The sale was \$50,000. It is going to be completely spent on the baseball field. The last two years the kids have been cooped up and losing social skills. They have lost the window and the charter for Little League this year. Families will have to drive out of the Torrance County area for Little League. Mr. Lovato read a letter that was sent to the Torrance County Commission from the Town of Estancia urging the purchase of the Fairgrounds. It explains that the lease has been extended since July of 2019. Frustration is expressed. Stella Chavez has vast knowledge and has reached out to help but it is still not completed. Mr. Lovato believes that Little League transcends just athleticism. He said that he respects everyone at the County, and understands the workload for everyone, but would like the Commission to partner up with Estancia and help make things better for our kids.

Fire Chief Don Dirks: Update on Fire Department. The Resolution 2020-20 prohibits open fires due to the COVID pandemic. He did not know it was still in effect and will be enforcing it until the resolution is changed, or the emergency declared over. The ambulance service has just received its State of NM DEA License, and now they are waiting on the Federal DEA License. The tentative go-live date for billing is now March 15, 2022. The new ambulance is being striped right now and is supposed to be delivered in April. In February alone, there were 91 calls for Fire. 100% of them were manned with volunteers and paid crew. There were 147 calls for service for an ambulance. These are extremely high numbers, and he does not expect these numbers to continue, though they might.

Wendy Friedrich: Apologized for her outburst at the previous Commission Meeting but was frustrated that her questions have not been answered in response the EMWT water plan being set up. She had a list of questions, which include asking why Chairman Schwebach was allowed to become the sole voting member after putting 13 other members on hold. She is considering trying to recall Chairman Schwebach from the Board. She wants to know why a penalty is being considered for not hooking up to the line. She asked if the penalty is a way to try to tax the low-income residents to the point of moving. She also asked about water conservation and salaries for those who work for EMWT.

Madam County Clerk Yvonne Otero: Madam Clerk told the Commission that the day prior was Candidate Filing Day. She then read the list of Candidates and informed them that Commission Kevin McCall and Chairman Ryan Schwebach tentatively had no opposition. There

is to be no campaigning in the County Building or on the grounds, whether the individual works at the County Building or not. No political items, such as buttons, hats, and clothing, may be worn. List of Primary Candidates hereto attached.

Madam County Manager: Asked if there were any public comment on Zoom?

Jeremy Oliver: There is not anyone signed up for public comment on Zoom.

\$9,521.00 from the Family Violence Prevention Services Act/American Rescue Plan
(FVPSA/ARP).

Commissioner Candelaria: Seconded the motion.

Madam County Manager Barela: Asked Jeremy Oliver to speak to this.

Jeremy Oliver, Finance Director: Explained that Cheryl Allen, Grant Manager, would not be
able to attend. This procedural is written out in the policy. To apply for the grant, approval must
be given by the Commission. This did not happen due to the time frame. This is ARPA funding
that got funneled through the State and into the County's portion for Domestic Violence. The
grant total is \$9,521.00. \$5,000 will be budgeted for this fiscal year. The remaining \$4,521.00
may be used between the end of this fiscal year and the end of calendar year 2025. The funds
may be used for anything under the current scope of Domestic Violence. This includes things

NEXT ITEM IS 12-D.

12. APPROVALS

A. ROAD: Motion to approve 4 Rivers Rental Invoice for rental fees on roller (\$4,422.88). Explanation of fees dropped for repair of Torrance County's roller (\$6,000).

ACTION TAKEN:

Chairman Schwebach: Made a motion to approve 4 Rivers Rental Invoice for rental fees on roller (\$4,422.88). Explanation of fees dropped for repair of Torrance County's roller (\$6,000).

Commissioner Candelaria: Seconded the motion.

Leonard Lujan, Road Department Superintendent: This has to do with the roller that was sent in to get fixed approximately 2 years ago. He started working on purchasing a roller, but lost their rep. The quote to fix it was \$18,900, so they decided not to fix it. They wanted him to pay the cost of tearing it down, which came in at \$10k. He spoke to them, the Commission decided they didn't want to pay it, so the price was lowered to \$6,000. He had a meeting with them a month ago, he couldn't leave the roller there, and they decided they would rather have the County's business than not, so they decided the Road Department would pick it up. Explained the charges. Mr. Lujan had the rental roller for a month longer than planned, so that needs to be paid. The County's broken roller is in pieces in the yard.

Chairman Schwebach: Asked if the County was having to pay the \$4,422.88 plus the \$6,000.

Leonard Lujan: No, just the \$4,422.88.

Chairman Schwebach: Amended motion to approve 4 Rivers Rental Invoice for rental fees on roller (\$4,422.88).

Commissioner Candelaria: Seconded the motion.

Chairman Schwebach: Asked why the \$6,000 was on the invoice.

Leonard Lujan: There was a new invoice, because the \$6,000 was removed so a new invoice needed to be written with just the rental.

Roll Call Vote: **Commissioner Candelaria:** Yes; **Commissioner Schwebach:** Yes;

Commissioner McCall: Absent.

Motion Passed.

D. SHERIFF: Motion to approve Law Enforcement Protection Fund (LEPF) Application.

ACTION TAKEN:

Chairman Schwebach: Made a motion to approve the Law Enforcement Protection Fund (LEPF) Application.

Sheriff Marty Rivera: The Law Enforcement Protection Fund (LEPF) is a recurring fund, and this year they increased it from a base rate of \$20,000 to \$45,000. They also increased the amount per certified deputy from \$600 to \$1,000. The total they are receiving this year is \$60,000. It can be used on many things like equipment and training but not salaries.

Roll Call Vote: **Commissioner Candelaria:** Yes; **Commissioner Schwebach:** Yes;

Commissioner McCall: Absent.

Motion Passed.

13. DISCUSSION

A. MANAGER'S REPORT:

Madam County Manager Barela: Spoke about the Summer Enrichment Internship Program. There will be two summer enrichment Coordinator Positions open, with possible additional openings based on the amount of student interns that apply. There are 40 approved Intern positions, and the County is waiting on the Department of Public Education to approve an additional 20 more openings.

Madam County Manager Barela read the list of employee vacancies within the County, and how long they are open. List of open positions hereto attached.

B. COMMISSIONERS' REPORTS

1) Commissioner McCall, District 1

Commissioner McCall: ABSENT.

2) Commissioner Schwebach, District 2

Chairman Schwebach: Inspected the CoreCivic Detention Center.

Madam County Manager Barela: This is a yearly requirement, for the Commissioners to inspect the Detention Center. Even though it is a private facility, there is a contract between Torrance County and CoreCivic, and this is a requirement under said contract.

Chairman Schwebach: There was an obligation to inspect, and he did so with Madam County Manager Barela. The Detention Facility passed with flying colors. The report is hereto attached.

Madam County Manager Barela: Chairman Schwebach was able to view the list of inmates as well, which is also a requirement of the Contract.

The report is hereto attached.

3) Commissioner Candelaria, District 3

Commissioner Candelaria: Thanked the Fire Chief Don Dirks, his fire department helped stop many of the fires that were in his area. He wants to let the public know that many of their Soil and Water Conservation Districts will help pay for defensible spaces for people's homes.

Re: Mileage for County-Designated Roadways for Maintenance

Dear Mr. Young,

Pursuant to Section 67-3-28.3 NMSA 1978, the estimated mileage for all Torrance County-designated roadways for maintenance for gravel roads is 834.180 miles, and for chip seal roads is 101.436 miles, for an estimated total of 935.616 miles.

Enclosed is a data disk and hard copy of the updated list of each county-designated roadway for maintenance listed by road name and number, route description with the beginning and ending termini, total length of each roadway, surface type, an estimated total mileage for the entire submittal, and a county road map. Any changes that have occurred on this map are on the enclosed data disk and hard copy.

The Road Department as of January 1, 2004, began its own Global Positioning System (GPS) on county-maintained roadways. This project is ongoing and is continually being updated. The GPS records done by the county Rural Addressing Department are for the 911 systems.

If any further documentation is necessary, please contact Leonard Lujan at (505) 544-4667 in the Torrance County Road Department Office.

Respectfully,

Ryan Schwebach
Commission Chair

Torrance County Board of Commissioners

Meeting 3/23/2022

Item 12F

Department: Grants
Prepared By: Cheryl Allen
Reviewed By: Janice Barela

Title: Motion to approve the use of funds from the State and Local Fiscal Recovery Funds/American Rescue Plan Act (SLFRF/ARPA) to cover grants management costs of wages and benefits of Torrance County employees who are required to complete SLFRF/ARPA management tasks.

Sponsor:

Grants

Action:

Approve use of ARPA funds to pay for salary and benefits of Torrance County employees that perform ARPA related tasks such as research, training, project and financial management, and grant reporting.

Summary:

Torrance County has already allocated ARPA funding for five projects:

- Manzano Land Grant/Mutual Domestic Water Association, \$7,000
- Tajiue Land Grant/Mutual Domestic Water Association, \$7,000
- Torreon Land Grant/Mutual Domestic Water Association, \$7,000
- Torrance County Fire Department for equipment from Zoll, \$166,331
- EMWT McIntosh Water System, \$981,155 approved with stipulations

The County was awarded a total of \$3,003,118, leaving a balance of \$1,834,632.

An allowable expense for ARPA funding is management of the grant. Already, Torrance County personnel estimate they have spent more than 80 hours on ARPA that has not been tracked. To allow tracking, Human Resources set up an ARPA job code and applicable County employees are now logging time spent working on ARPA tasks using the new job code. This will provide an exact wage and benefit cost that can be paid directly from the ARPA fund or reimburse the General Fund.

If the County hires a grant writer, responsibilities could include managing the ARPA grant. The time designated for ARPA for that person could be paid for with ARPA funds. County staff estimated 10 hours per week for ARPA management depending on the number and type of projects. The cost for wages and benefits based on a \$25/hour average salary plus \$2,500 for ¼ annual benefits would equal \$23,000 year.

Staff Recommendation:

Approve usage of ARPA funds to cover staff wages and benefits for time spent working on ARPA related tasks.
